Believe Simple Skinny Fashion Men's Ripped Slim Straight Biker Jeans

Five bullet points

Material: The ripped jeans is mainly made of cotton and polyester, high cotton content apply directly to the skin without toxic side effects and serve users with the utmost sense of comfort.

Distressed design, straight fit with manual-ripped on the knees make you mature and full of charm in daily life.

It's no question that this exquisite jean can withstand wear and tear. Built for soft fabrics in rich textures added the three-dimensional feeling, this regular fit jeans was made to last -- no matter the task.

Vintage wash: An antiqued dark wash with natural fade, perfectly complemented the delicate buttons on the fly for subtle western statement

Classical five pockets for your convenience to keep your keys and wallet. Be sure to remember not to carry heavy things in the same pocket, or it will look very ugly after a while.
